

The Welltherm Arta infrared heater is perfectly suited for installation on the ceiling thanks to its design and the integrated mounting foot.

The combination of its 2,000 watt gold tube and extra-large reflector ensures remarkable heat output with a broad beam angle.

The Arta is used in industrial facilities just and larger party marquees.

Convenient operation via infrared remote control and app make this radiant heater predestined for use in the catering industry.

Arta

Technical Data:

Remote control:	Yes
App control:	Yes
Power supply:	1/N/PE 230 V
Frequency:	50 Hz
IP rating:	IP 65
Protection class:	I
Heating technology:	DAZEX
Connection cable:	1,850 mm, black
Schuko plug:	Yes
Power:	2,000 W
Current:	8.7 A
