

The Welltherm Picafort infrared heater is a powerful and easy-to-use, latest generation heating device.

Fitted with a 2,000 watt gold tube, it emits 80% less light than conventional radiant heaters. This makes the radiant heater comfortable to look at and energy-efficient as well.

The 6-level dimmer is used to adjust the heat to suit the current conditions at any time. It also uses less energy when the heat is turned down.

Picafort

Technical Data:

Remote control:	Yes
App control:	No
Power supply:	1/N/PE 230 V
Frequency:	50 Hz
IP rating:	IP 65
Protection class:	I
Heating technology:	DAZEX
Connection cable:	1,850 mm, black
Schuko plug:	Yes
Power:	2,000 W
Current:	8.7 A
